---

### Our Services

Rental, Sales and Service of construction equipment like: Spider Lifts, Spider Cranes, Boom Lifts, Scissor Lifts, Forklifts, Boom loaders, etc., across the UAE.

# OUR PRODUCT RANGE - RENTALS

Working with world's leading heavy equipment manufacturers, our product range includes the following categories:

## SPIDER CRANES (2.4 tons - 7.5 tons)

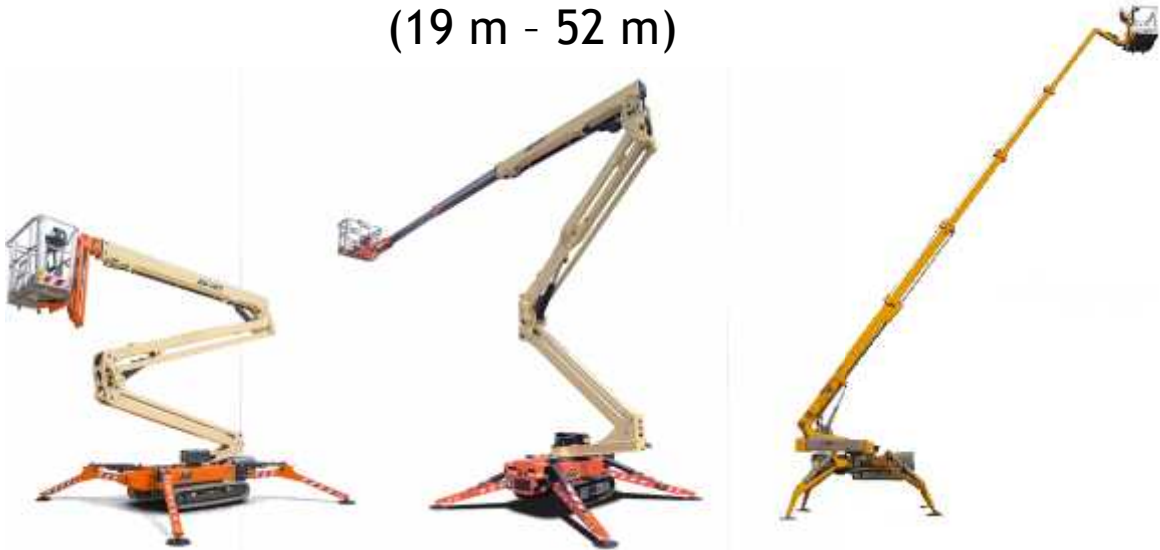

### SPIDER CRANES

S. No.	MAX LIFTING CAPACITY	MAX. LIFTING HEIGHT	BRAND/MODEL
1	995 KG	8.0 METRES	JEKKO JF30
2	2500 KG	8.1 METRES	JEKKO JF40
3	1200 KG	10.9 METRES	JEKKO SPX312
4	2400 KG	15.2 METRES	JEKKO SPX424
5	2940 KG	17.0 METRES	JEKKO SPX429
6	3200 KG	17.3 METRES	JEKKO SPX532
7	4000 KG	18.2 METRES	UNIC URW-547
8	7500 KG	26.5 METRES	JEKKO SPX1275

Spider cranes have the ability to fit through doorways and are therefore ideal for use in tight spaces. The compact nature of spider cranes, their staggered outrigger positions, mean that they are an ideal tool for working in tight access areas and inside buildings. Our spider cranes for hire are extremely diverse and will be an excellent addition to your project.

## SPIDER LIFTS (19 m - 52 m)

### SPIDER LIFTS (CRAWLERS)

S. No.	WORKING HEIGHT	BOOM TYPE	BRAND/MODEL
1	19 METRES	ARTICULATED	IMER-IMR19
2	23 METRES	ARTICULATED	JLG-X23J
3	23 METRES	ARTICULATED	CTE-230
4	26 METRES	ARTICULATED	JLG-X26J PLUS
5	26 METRES	TELESCOPIC	OMME-2600
6	27 METRES	ARTICULATED	PLATFORM BASKET SPIDER 27.14
7	29 METRES	TELESCOPIC	FALCON-FS290
8	32 METRES	TELESCOPIC	FALCON-FS320
9	33 METRES	ARTICULATED	PLATFORM BASKET SPIDER 33.15
10	36 METRES	TELESCOPIC	TEUPEN-LEO36T
11	42 METRES	TELESCOPIC	FALCON -FS420
12	52 METRES	TELESCOPIC	FALCON-FS-520C

Spider lifts are much like boom lifts, except with a smaller base with four legs, or outriggers, holding it firmly to the ground. Spider can work in almost any location. Spider lifts are rugged and durable enough to work outdoors while also small and compact enough to work indoors.

## BOOM LIFTS (13 m - 58 m)

BOOM LIFTS			
S. No.	WORKING HEIGHT	BOOM TYPE	BRAND/MODEL
1	13 METRES	ARTICULATED	UPRIGHT-AB38
2	15 METRES	ARTICULATED	JLG-450AJ
3	16 METRES	TELESCOPIC	JLG-460SJ
4	18 METRES	ARTICULATED	JLG-520AJ
5	20 METRES	ARTICULATED	JLG-600AJ
6	22 METRES	TELESCOPIC	JLG-660SJ
7	22 METRES	TELESCOPIC	GENIE-S65
8	26 METRES	ARTICULATED	JLG-800AJ
9	28 METRES	TELESCOPIC	JLG-860SJ
10	38 METRES	TELESCOPIC	JLG 1200SJP
11	43 METRES	TELESCOPIC	JLG-1350SJP
12	43 METRES	ARTICULATED	GENIE-Z135
13	58 METRES	TELESCOPIC	JLG 1850SJ

Boom lifts are extremely flexible for high elevation jobs, with incredible operational accessibility and outreach. We have several types of boom lifts such as telescopic, articulated, etc.

## SCISSOR LIFTS (8 m - 18 m)

### SCISSOR LIFTS

S. No.	WORKING HEIGHT	POWER	BRAND/MODEL
1	8 METRES	ELECTRIC	JLG-2630ES
2	10 METRES	ELECTRIC	JCB-S2632E
3	12 METRES	ELECTRIC	JCB-S3246E
4	12 METRES	ELECTRIC	XCMG-GTZ1012
5	14 METRES	ELECTRIC	XCMG—GTZ1212
6	14 METRES	ELECTRIC	JLG-4045R
7	18 METRES	DIESEL	GENIE-GS5390

Our scissor lifts are ideal solutions for indoor or outdoor jobs that would normally require a ladder, tower, or scaffolding. They are faster, efficient and get the job done safely while working at a height. The usage of scissor lifts is extensive in facilities management, construction, logistics, warehouses, painting, etc.

## TELEHANDLERS (4 tons, 17 m)

### TELEHANDLERS

S. No.	CAPACITY	BOOM LENGTH	BRAND / MODEL
1	4 TONS	17 METRES	JCB-540-170

A telehandler combines the lifting power of a forklift and the utility of the crane. It is an easy to manoeuvre equipment, especially for use in confined and crowded indoor and outdoor jobsites. Telehandlers offer the ability to lift, move and place heavy loads without compromising on power. Intuitive to operate, they are ideal for construction, refurbishment, masonry, landscaping and recycling applications.

## FORKLIFTS (3 tons - 25 tons)

FORKLIFTS			
S. No.	CAPACITY	DRIVE TYPE	BRAND/MODEL
1	3 TONS	2WD	TOYOTA, CATERPILLAR
3	3 TONS	4WD	AUSA
6	4.5 TONS	4WD	JCB
7	5 TONS	2WD	HANGCHA
8	7 TONS	2WD	CLARK, CATERPILLAR
9	10 TONS	2WD	HELI
10	15 TONS	2WD	CATERPILLAR
11	20 TONS	2WD	MITSUBISHI
12	25 TONS	2WD	KOMATSU

Our forklifts are extensively used in storage facilities, for transporting materials and goods. Whether you need to move heavy loads in a warehouse or construction field, forklifts are indispensable on any job site.

# OUR PRODUCT RANGE - SALES

We are specialized in selling Pre-Owned and Brand-New machines, covering a wide array of specialized access equipment like Spider lifts, Boom Lifts, Scissor Lifts, Telehandlers and Forklifts of all major brands.

Based on our business principle of '*Partnering Success*' with our esteemed clients, we, at Spider Access, wisely select brands and equipment that qualify highest standards of reliability and quality. This is to ensure that we not only meet but exceed our clients' expectations to truly become their partners in success.

Spider Access is focused on supplying highest quality equipment to customers across the UAE as well as worldwide. Each equipment undergoes stringent and comprehensive pre-dispatch tests prior to delivery and all our machines are backed-up with high level of after-sales and technical support.

Our portfolio includes:

## **24x7 SERVICE:**

**Our Team:** Highly experienced and well qualified personnel, having thorough industry exposure and well-equipped to provide solutions and troubleshooting for possible site-conditions. We are a service-oriented organization and are available 24x7 for our esteemed customers' support.

The Service standards at Spider Access are designed based on high degree of health, safety and environment parameters, duly certified. The team is suitably trained and equipped to handle any extreme requirements.

Along with the Service wing for preventive maintenance, repairs and troubleshooting, we also provide AMC (Annual Maintenance Contracts) for a wide variety of equipment, such as boom lifts, boom loaders, forklifts, scissor lifts, spider lifts, etc.

### **Quality Control**

As a standard practice, we carry out Pre-delivery Inspection to ensure that the equipment delivered to our customers is in perfect condition, to minimize and avoid machine breakdown.
